

Installing the Blix Basket

COMPATIBILITY	TOOLS REQUIRED:
<p>The Blix Basket is designed for the Blix Aveny and Komfort Prima models.</p> <p>It will also fit most bikes with a 1" or 1 1/8" threaded headset and 24"/26"/700c wheels. P-clamps and matching nuts/bolts may be required (not included).</p> <p><i>If you are not familiar with any terms below or lack the right tools, please consult your local bike shop.</i></p>	<ul style="list-style-type: none"> - 2x headset wrench or 12" crescent wrench - 4/5/6mm allen wrench - 8mm wrench - Phillips screwdriver - Lightly greasing all bolt threads strongly recommended.

Step 1 - Install Top Bracket

- 1) Remove stem (typically 6mm allen wrench) and headset cover for Prima.
- 2) Loosen and remove top headset nut.
- 3) Remove one spacer from threaded hysteer-tube, replace it with the correct size mounting bracket. Replace headset nut and tighten.
- 4) Check headset (adjust as needed) cover and stem. Make sure stem is aligned correctly and at desired height, then tighten securely.

Step 2 - Connect Struts to bottom of basket

- 1) Line up black strut clamp to middle of basket bottom and thread in 2x long m4 recessed head bolt from the top. (4mm allen wrench)
- 2) Slide struts through strut clamp so they are centered and the curved side sits opposite the cup holder. Lightly secure struts.

Step 3 - Connect basket to headset bracket

- 1) Using 2x m5 bolt, 2x nylock nut, and 4x washer, secure basket to headset bracket. Use 1 washer on bolt head side and 1 washer on nut side. (phillips screwdriver and 8mm wrench)

Step 4 - Connect bottom struts, check alignment

- 1) Secure bottom of struts to fork mounting tabs with m6 bolt (Aveny, Prima) or p-clamps.
- 2) Check that the basket is centered and level, then make sure all bolts are tightened.

Step 5 - Install bamboo plate

- 1) Slide bamboo plate into basket starting with corner under cup holder.
- 2) Secure plate using 8x short m4 recessed head bolt.

Ride with practical style!

Load your work bag or picnic supplies up, put a coffee or smoothie in the cup holder, and ride on your merry way!

Maintenance tip: check strut bottom bolts and headset bracket bolts monthly, tighten if necessary!
